Why choose this machine?

- **Proven reliability:** Used in a high-demand environment at VW Salzgitter, ensuring durability and performance.
- **Cost-effective:** Save significantly compared to buying new equipment.
- **Immediate availability:** Ready for inspection and delivery.

Ideal for:

- Automotive manufacturing
 - Heavy engineering
 - Machining of aerospace components
 - General industrial applications
-

Why this machine?

1. Precision lathes used for demanding applications in automotive, mechanical engineering and the aerospace industry.
2. Cost efficiency: Significantly cheaper than buying new machines.
3. Availability: Ready for viewing and delivery - ideal if you want to buy a CNC lathe quickly.
4. Trust: From a leading manufacturer known for quality and reliability.

Ideal for:

- Automotive industry
- Heavy industry
- Aerospace
- General industrial applications

Rely on an experienced partner in the industrial CNC machine trade to purchase this high-quality lathe. Benefit from tested quality and first-class performance with a used lathe Germany!

Upgrade your production line with this high-quality used Niles Simmons N 30 - 1,500 CNC lathe at a fraction of the cost of new machines!
